Floral displays account for only part of 'in Bloom' marks. The general look of the town - cleanliness, lack of litter, street furniture, permanent beds and environmental issues are also judged. If you can help by removing any weeds in front of your property, or picking litter it all goes towards the sense of community spirit which the judges really appreciate, and makes our town look better for us all.

This year our floral displays were made up with Coleus, Begonias & Calabrhoa. They were much admired. The permanent beds on Hanley Road have provided interest throughout the year.

Without the support of individuals, businesses and organisations who donate, sponsor and fundraise; and our volunteers who donate their time and enthusiasm, our entries would not be possible. In addition, the support of Upton Town Council and Malvern Hills District Council
